Santo, TX – Steroids™ Power Rack and Pinion Conversion Kits

Steroids™ bolt-on power rack and pinion kits are now available for 1967-69 F-Body (Camaro and Firebird), 1968-74 Nova, 1953-82 Corvette and 1964-70 Mustangs.

In addition to providing improved feel and quicker ratio, a new Steroids™ weighs up to 25 pounds less than the stock system. It also includes the ability to adjust for bump steer, something most other kits do not accommodate.

The system comes complete with Grade 8 mounting hardware, hoses, tie rod ends, steering column adapter and shaft, and uses the vehicle's existing power steering pump. An optional power steering pump kit is also available. These kits are truly "bolt-on" with no cutting, modification or welding required.

About SpeedDirect

SpeedDirect is the manufacturer of Steroids™ Rack & Pinion Conversion Kits, Shark Bite™ suspension components for C2-C3 Corvettes (1963-82), as well as Vector Series™ handling components for classic Mustangs. They are pioneers in improved handling for Corvettes and muscle cars with the development of Steroids™ Rack & Pinion conversion kits. In business since 1994, all SpeedDirect products are proudly Made in the U.S.A.

For additional information visit the SpeedDirect website at www.speeddirect.com, Call (888) 425-2776, or email sales@speeddirect.com.

We make classics fun to drive!
