## **Santo, TX – C6 Z06 and Grand Sport Brake Upgrades for C2 & C3 Corvettes (65 - 82)**

SpeedDirect is now offering two complete front and rear brake upgrades for C2 & C3 Corvettes. Available in two options: with new C6 Z06 red powder coated calipers, or Grand Sport silver powder coated calipers. Both options include the sought after Chevrolet Corvette insignia calipers, bringing modern brake technology to the 1965-1982 Corvette.

These bolt-on kits include all aluminum factory Chevrolet Corvette brake calipers, with six piston front calipers and four piston rear calipers. The 13" rotors are available in 3 options: Plain, Slotted, or Drilled.

The complete kits come with calipers, pads, rotors, hats – aluminum front/steel rear, new braided stainless steel brake hoses & performance brake pads. These upgrades will significantly improve stopping power, reduce brake fade, have higher durability than factory brakes and they look incredible on a classic Corvette.
